In the intro., I would change the last 2 sentences to the following:

Capping activities to date have not shown any impacts to air quality. Since the first layer of the cap, which covers the sediment at the bottom of the dredged area, is now in place, air monitoring has been discontinued.

Subject: Report for Website

Stephanie, Mike and Sharon,

Attached is the proposed website report covering last week's activities. Please review and advise if you want any changes before we post it to the website. Thanks!
